# FTI Catalytic Fund

## Quarterly Financial Status Report

### A. SUMMARY OF KEY MESSAGES:

- **Disbursement performance:** Catalytic Fund disbursements totaled US\$ 66.4 million in the first quarter of calendar year CY 2010 for a cumulative disbursement of US\$ 756 million since fund inception. For the remainder of 2010, the FTI Secretariat is projecting an additional US\$ 250 million in disbursements against current allocations, plus an additional US\$ 50 million against new allocations. This would mean an estimated total disbursement for CY2010 of US\$ 366 million. Aggregate disbursements for CY 2008 and 2009 were US\$ 214 million and US\$ 222 million respectively.
- **Pledges announced during first quarter 2010:** The FTI Secretariat received written notice from nine donors announcing new financial pledges to the Catalytic Fund totaling US\$ 305 million for the period CY 2010-2012/13 as follows: Belgium US\$ 24.5 million; Denmark US\$ 97 million; France US\$ 68 million; Germany US\$ 6.8 million; Japan US\$ 1.2 million; Italy US\$ 4.1 million; Norway US\$ 23.1 million; Switzerland US\$ 4.5 million; and UK US\$ 76 million. (US\$ equivalencies shown are based on exchange rates as of March 31, 2010). As of March 31, 2010, Italy and Japan had signed contribution agreements for the full amount of their pledge announcement and Denmark had signed an agreement for US\$ 12 million of its announced pledge. US\$ 288 million in announced pledges remained unsigned as of March 31, 2010.
- **Cash receipts from donors:** Since inception of the Catalytic Fund, cumulative cash receipts from donors total US\$ 1,383 million. Of that, US\$ 11 million was received in the first quarter of CY 2010 – from Canada and Japan. Taking into account cumulative disbursements to date and investment income earned, the cash balance stands at approximately US\$ 682 million – all of which has been previously allocated by the Catalytic Fund Committee. This is down from US\$ 750 million as of December 31, 2009.
- **Shortfall in signed agreements projected for May 2010 Catalytic Fund Committee decisions:** Signed donor agreements must be in place in order to allow for a grant agreement to be executed between a Supervising Entity and a beneficiary country. As of March 31, 2010, funds available based in signed donor agreements amounted to US\$ 126 million (including accumulated investment income). Six applications have been received for programs totaling US\$ 307 million. If all of these applications are approved, the shortfall would be US\$ 181 million (*Table 1*).
- **Prioritization of CF beneficiaries and rolling approval of grants:** At the November 2009 meeting, the Catalytic Fund Committee requested that the FTI Secretariat prepare a proposal for streamlining the Catalytic Fund application process, including the possibility of virtual rolling approval of Catalytic Fund allocations (CFC/2009/11-17 through 19). There was also agreement in principle on the broad recommendations of the Task Team on Prioritization on the new model for prioritization of Catalytic Fund beneficiaries, including “Blend Countries” as classified by IDA. In response, the FTI Secretariat prepared an update on progress aimed at making these decisions operational for grant approvals over the period 2011-13 (likely under the new Single Fund). This will be presented and discussed at the meeting in May 2010.

## B. FUND OVERVIEW AND STATUS

1. **CF Contributions:** As of March 31, 2010, donors had signed agreements for contributions totaling US\$ 1,664 million, of which US\$ 207 million represents financial pledges for the period 2010-13 (*Annex 1, Table A1*).
2. **CF Allocations:** *Annex 1, Table A2* provides allocation level details for countries for which Catalytic Fund allocations were approved to date. In total, US\$ 1,600 million has been allocated to 32 countries.
3. **CF Disbursements:** Disbursements for 2010 through March 31 totaled US\$ 66.4 million, and are projected by respective Supervising Entities to reach about US\$ 391 million by end-2010. Overall disbursement since the fund's inception amounted to US\$ 755.8 million (*Annex 1, Table A3*).
4. **CF cash position:** The Catalytic Fund cash balance as of March 31 2010 is US\$ 682 million, which includes investment income of US\$ 62 million. The Unaudited Financial Statement for the Catalytic Fund is attached as *Annex 2*.
5. **New funding requests for May 2010:** Six countries have requested funding from the Catalytic Fund totalling US\$ 307 million. These are Djibouti: US\$ 4 million; Ethiopia: US\$ 98 million, Lao PDR: US\$ 30 million; Liberia: US\$ 40 million; Malawi: US\$ 90 million; and Togo: US\$ 45 million.
6. **Projected funding requests for Fall 2010:** Indications from Local Education Groups are that eight countries will come forward in the fall of 2010 for Catalytic Fund allocations totaling approximately US\$ 500 million. These are Côte d'Ivoire, Ghana, Guinea-Bissau, Mali, Mauritania, Papua New Guinea, Rwanda and Vietnam. Local Education Groups for other countries for which funding requests are being developed indicate that these will not be ready for consideration by the Catalytic Fund Committee in November/December 2010. *Table 1* below summarizes the fund allocation availability through the end of 2010.

**Table 1. Allocation availability through CY 2010 (US\$ million)**

	Allocation Availability if all unsigned pledges are signed	Availability if no unsigned pledges are signed
1. Total of signed donor pledges to date	1,664	1,664
2. Cumulative investment income	62	62
3. Donor pledges announced but not yet signed	288	
<b>4. Total Resources (1 + 2 + 3)</b>	<b>2,014</b>	<b>1,726</b>
5. Cumulative allocations till date	(1,600)	(1,600)
6. Balance available	414	126
7. Allocation Requests for May 2010 *	(307)	(307)
8. Projected uncommitted balance after May 2010	107	(181)
9. Projected Allocation Requests Fall 2010 *	(500)	(500)
10. Projected shortfall by Fall 2010	(393)	(681)

\*Estimates based on information received from the Local Education Group.

7. **Resource flows to existing beneficiary countries:** As of March 31, 2010, a total of US\$ 1,600 million had been allocated and US\$ 755.8 disbursed in support of the 32 country programs (see *Annex 1, Table*

A2 for details on allocations and *Table A3* for details on disbursements). Based on information provided by Local Education Groups, disbursements for existing grants are projected to reach approximately US\$ 390 million for 2010; and cumulative projected disbursements would amount to approximately US\$ 1,200 million by June 2011.

8. **Supervising Entity costs:** Supervising Entities of CF grants receive up to US\$ 100,000 per calendar year per country for program supervision costs. *Annex 3* provides details of the supervision budget utilization for Catalytic Fund allocations supervised by the World Bank for CY 2009 and the first quarter of 2010. In addition, the Netherlands has received US\$ 200,000 for 2 years of supervision of the Catalytic Fund grant to Zambia. In the case of the Catalytic Fund allocation in support of Madagascar, UNICEF serves as an implementer of Catalytic Fund rather than as a supervisor of a grant implemented by Madagascar.

### C. ITEMS FOR DISCUSSION AND DECISION

9. **Implementation progress report:** The Supervising Entities for the Catalytic Fund grants (World Bank and the Netherlands) have prepared a summary of the implementation progress. *Annex 4* provides an overview of allocations, disbursement and ratings for the Catalytic Fund through mid-March, 2010 as provided by the World Bank for its Catalytic Fund portfolio. Some 60% of Catalytic Fund operations in the World Bank portfolio of projects are rated satisfactory in terms of likelihood of achieving their development objectives; seven are rated marginally satisfactory, one marginally unsatisfactory, and two unsatisfactory.

10. **Update on Madagascar:** As per the decision of the CF Committee (CFC/2009 11-05), the World Bank transferred US\$ 15,000,000 to UNICEF to implement the program in Madagascar. UNICEF will provide an update on the progress of grant implementation at the May 2010 Catalytic Fund Committee meeting.

11. **Update and agreement on Guinea:** As per the decision of the CF Committee it was agreed that the World Bank in consultation with the Guinea Local Education Group, prepare, by March 30, 2010, a proposal for restructuring its program that may include the option of a partial cancellation of the grant funds, based on an assessment of need and implementation capacity. It is expected that the Local Education Group and the World Bank would provide an update at the May 2010 Catalytic Fund Committee meeting, along with a proposal to restructure this operation.

#### 12. The following Catalytic Fund funding proposals will be presented for approval consideration:

- a. **Djibouti CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting one year bridge allocation of US\$ 4 million. It is for a specific sector investment project with the World Bank proposed by the LEG to be the Supervising Entity. Djibouti received two previous Catalytic Fund allocations totaling US\$ 8 million. This request has been circulated to the Catalytic Fund Committee for virtual review and approval.
- b. **Ethiopia CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting an additional allocation in the amount of US\$ 98 million. The previous Catalytic Fund allocation to Ethiopia was US\$ 70 million. The World Bank is proposed by the LEG to be the Supervising Entity.
- c. **LAO PDR CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting a 3-year allocation of US\$ 30 million. The World Bank is proposed by the LEG to be the Supervising Entity.

- d. **Liberia CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting a 3-year allocation of US\$ 40 million. The World Bank is proposed by the LEG to be the Supervising Entity.
- e. **Malawi CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting a 3-year allocation of US\$ 90 million. The World Bank is proposed by the LEG to be the Supervising Entity.
- f. **Togo CF Grant Proposal:** On behalf of the Government, the Local Education Group is requesting a 3-year allocation of US\$ 45 million. The World Bank is proposed by the LEG to be the Supervising Entity.

**13. Assessing the External Quality Review process:** At the November 2009 CF Committee meeting there was agreement that the FTI Secretariat submit a draft Terms of Reference to the CF Committee for an assessment of the External Quality Review and recommendations for further development of the EQR process CFC/2009/11-13. The Secretariat will provide an update on progress on assessing the EQR process at the CF Committee meeting in May 2010.

**14. Prioritization of CF beneficiaries and rolling approval of grants:** At the November 2009 CFC meeting, the CF Committee requested that the FTI Secretariat prepare a detailed proposal for streamlining the CF application process, to including the possibility of virtual rolling approval of grants (CFC/2009/11-19). The Secretariat will provide an update on prioritization of Catalytic Fund beneficiaries and rolling approvals for grants for 2011-13. In that context, please refer to *Annex 5* for the World Bank's classification of IDA countries by income level.

**15. Proposal for delegating financial decision-making to the FTI Board of Directors in the context of the Single Fund.** The Chair of the Board will present a proposal for a new Single Fund to replace the existing Catalytic Fund, Education Program Development Fund and the FTI Secretariat Trust Fund. It is proposed that resource allocation decisions under the Single Fund be taken by the FTI Board of Directors. Once the Single Fund is operational, the existing Fund Committees would be dissolved for decision-making purposes, but progress and financial reporting would continue to be provided to the donors to these funds.

<b>Total</b>	<b>1.600.4</b>	<b>753.0</b>				

<sup>2</sup> Rating for achieving project development objective (PDO): HS=highly satisfactory, S=satisfactory, MS=moderately satisfactory, MU=moderately unsatisfactory, U=unsatisfactory, NA=not available.

<sup>3</sup> Rating for implementation progress (IP) using the same scale as for the PDO.

<sup>4</sup> Indicates that the CF operation is pooling funds with other donors or it is Development Policy Operation (DPO) by the Bank or Sector Budget Support (SBS), so far only in Zambia.

<sup>5</sup> Implemented by UNICEF – amount transferred from the Bank to UNICEF.

<sup>6</sup> The Netherlands is the SE – amount transferred from the Bank to the Netherlands.

## **Key for Annex 5**

1. NA = Estimates are available in ranges only.
2. World Bank Atlas methodology; 2008 per capita GNI (Gross National Income, formerly GNP) figures are in U.S. dollars.
3. Countries are eligible for IDA on the basis of (a) relative poverty and (b) lack of creditworthiness. The operational cutoff for IDA eligibility for FY10 is a 2008 GNI per capita of US\$ 1,135, using Atlas methodology. To receive IDA resources, countries must also meet tests of performance. An exception has been made for small island economies. In exceptional circumstances, IDA extends eligibility temporarily to countries that are above the operational cutoff and are undertaking major adjustment efforts but are not creditworthy for IBRD lending.
4. Loans/credits in nonaccrual status as of June 30, 2009. General information on countries with loan/credits in nonaccrual status is available from the Credit Risk Department in Finance (FINCR).

## **Changes during previous fiscal year**

1. November 20, 2008: The Slovak Republic graduated from the IBRD.
2. June 29, 2009: The Republic of Kosovo joined the IBRD, IDA, IFC, MIGA and ICSID.
