The Global Partnership

Donors and developing country partners work together to ensure that education aid is better coordinated and more effective, based on national education plans

Aid Effectiveness

- Support for education plans
- Strengthen the linkages among developing country government, donors and the civil society
- Provide global good practices
- Financial support for activities

The Vision

Millions of lives saved through better girls' education

Tens of millions more children going to school, including in fragile states

One hundred million children reading better

Outcome Targets

By 2014...

Reading with understanding within two years of entering primary school

At least 20 developing country partners cutting the number of non-readers in half

29 million more children in primary schools

Efforts in reading matched by developing similar approaches to improved learning of mathematics

Making It Happen
