SUMMARY OF FUNDS AVAILABLE AS OF 30 JUNE 2012

8. Table 1 below shows the available funds position as of 30 June 2012 for each of the funds that make up the aggregate Catalytic Fund.

9. As of 30 June 2012, the GPE Board Education Plan approved a total of US$2,201 million for Implementation Grant allocations and associated fees and supervision allocations. It is planned that funding for these allocations will be made available from both the Catalytic Funds (US$2,103 million) and the recently established Global Partnership for Education Fund (US$98.0 million). Efforts are made to match Board approvals to Catalytic Fund resources in the first instance, but restrictions related to two of the three Catalytic Funds, namely TF070518 and TF070968, limit the applicability of those funds for current approvals. Use of TF070518, which is funded by the EC, is restricted to allocation of Education Implementation Grants only in Africa, Caribbean and Pacific countries and only where the World Bank is Supervising Entity. Use of TF070968, which is funded by the EC and Germany, is open to all GPE eligible countries, but may be used only for Education Implementation Grants where the World Bank is Supervising Entity. Further, discussion is underway with donors to TF070968 to extend the closing date of this fund (currently December 2013) in order to make use of the available funds for three year grants.
