GLOBAL PARTNERSHIP *for* EDUCATION

GPE Strategic Opportunities

Bob Prouty

Thursday, June 7, 2012

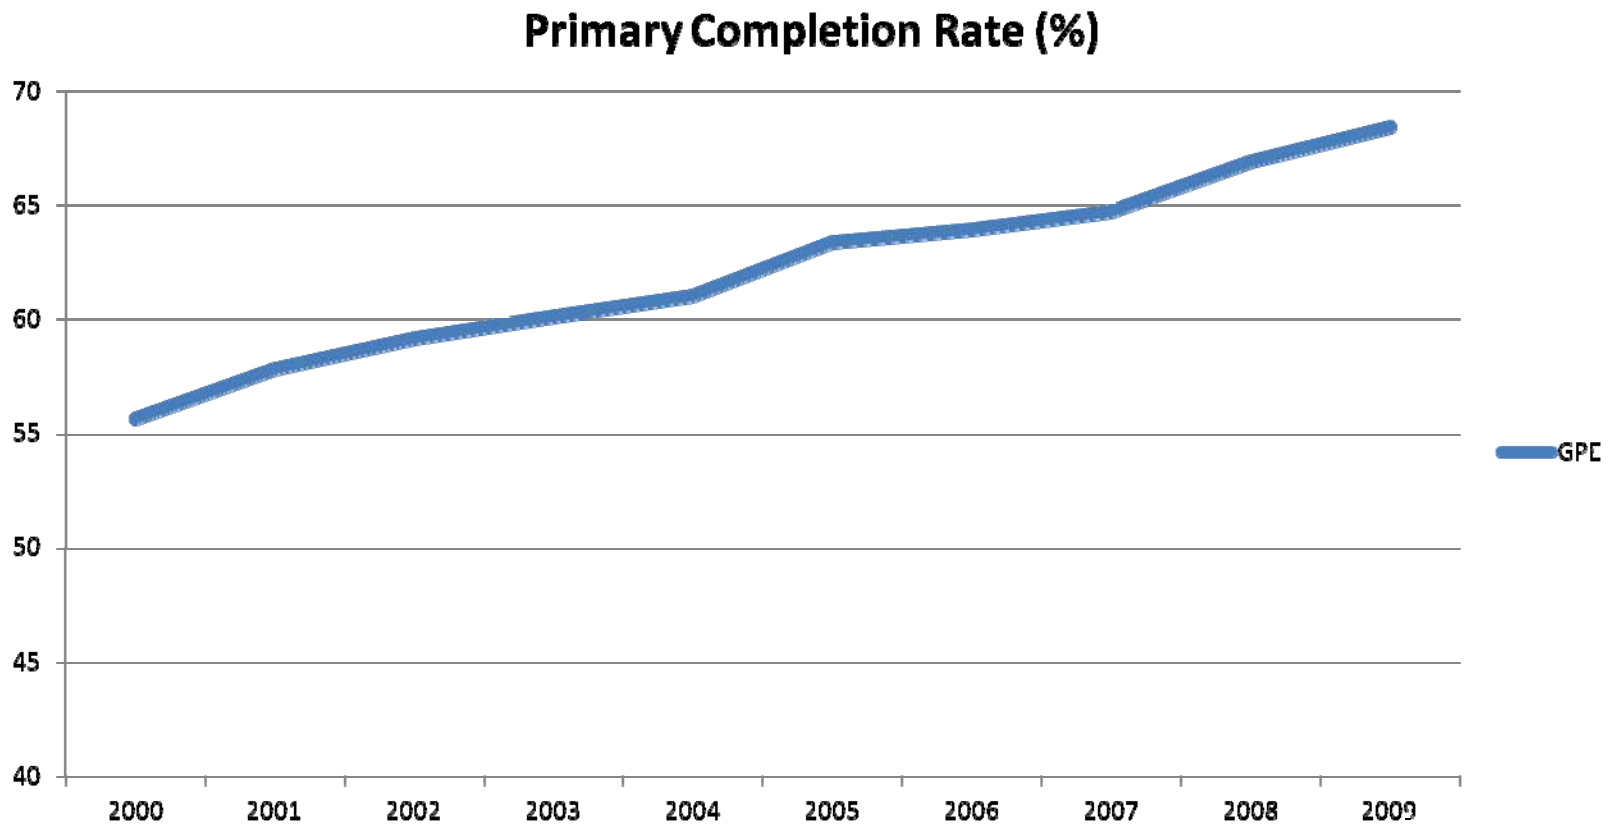

Meeting of the Board of Directors

Berlin, Germany, 7-8 June 2012

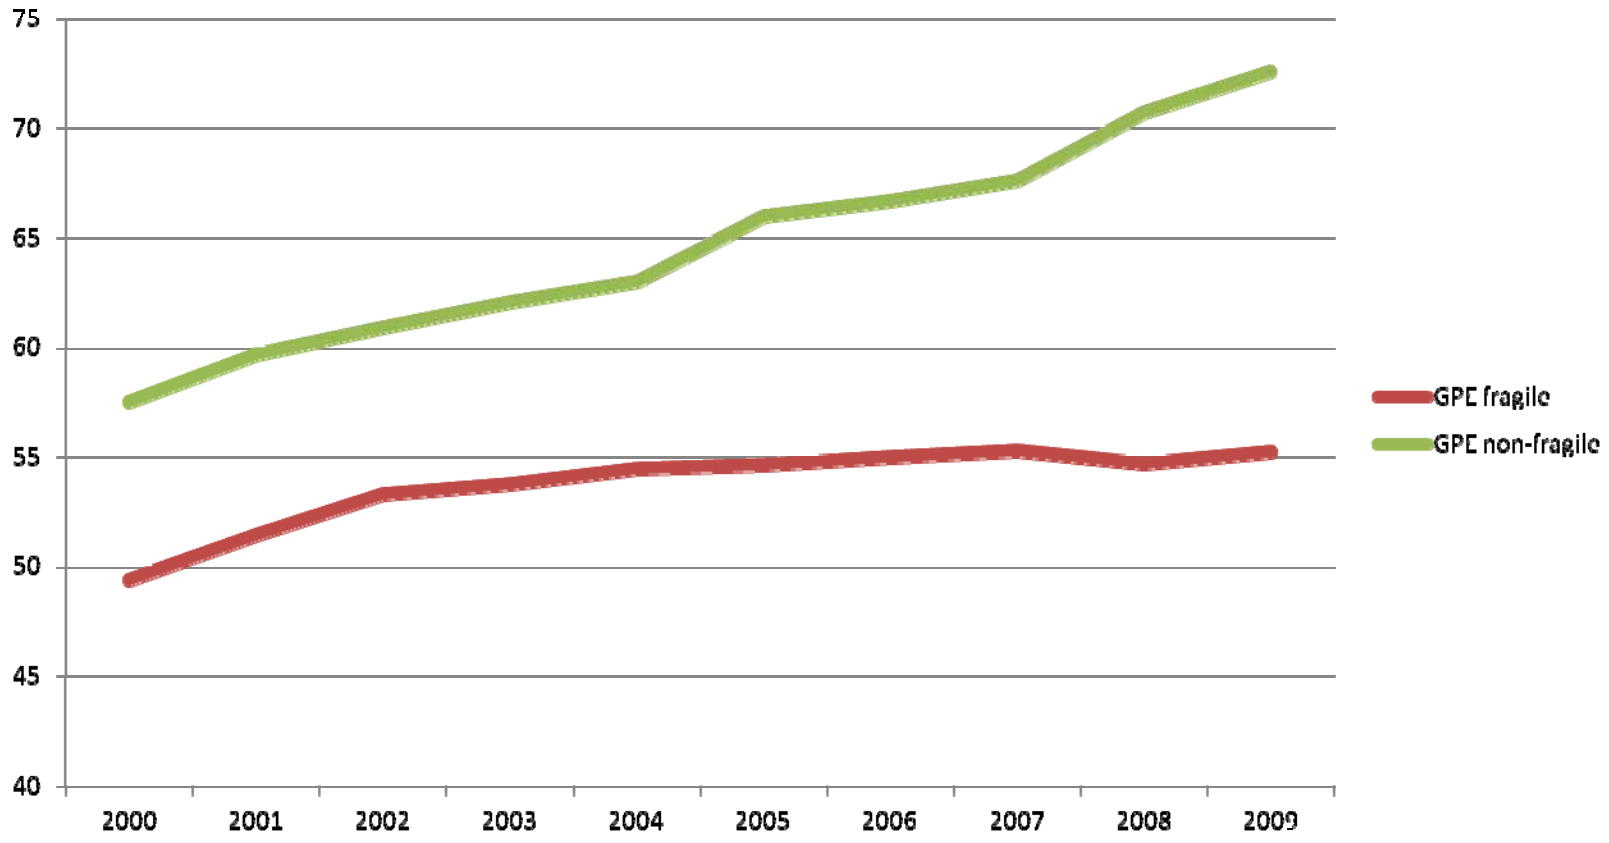

For Information/Input

This presentation shows trends within GPE countries over the past decade, highlighting opportunities for the Partnership to show leadership. It is divided into 3 parts: results, funding, and processes.

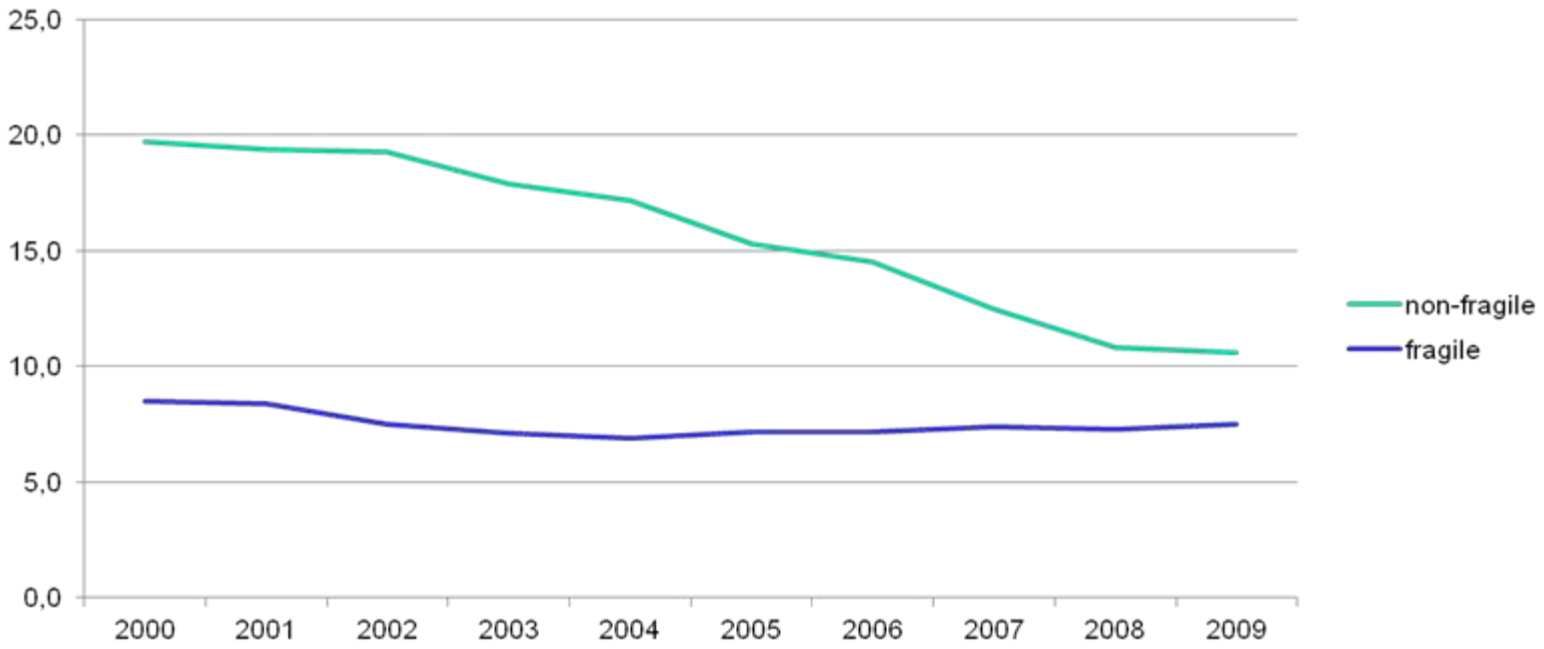

…A good education for all children, everywhere

Increase in Primary Completion Rate

Out-of-School Children(millions) GPE Fragile vs. non-Fragile

Where are the out-of-school children?

High income countries: 2 million

Middle income countries: 37 million

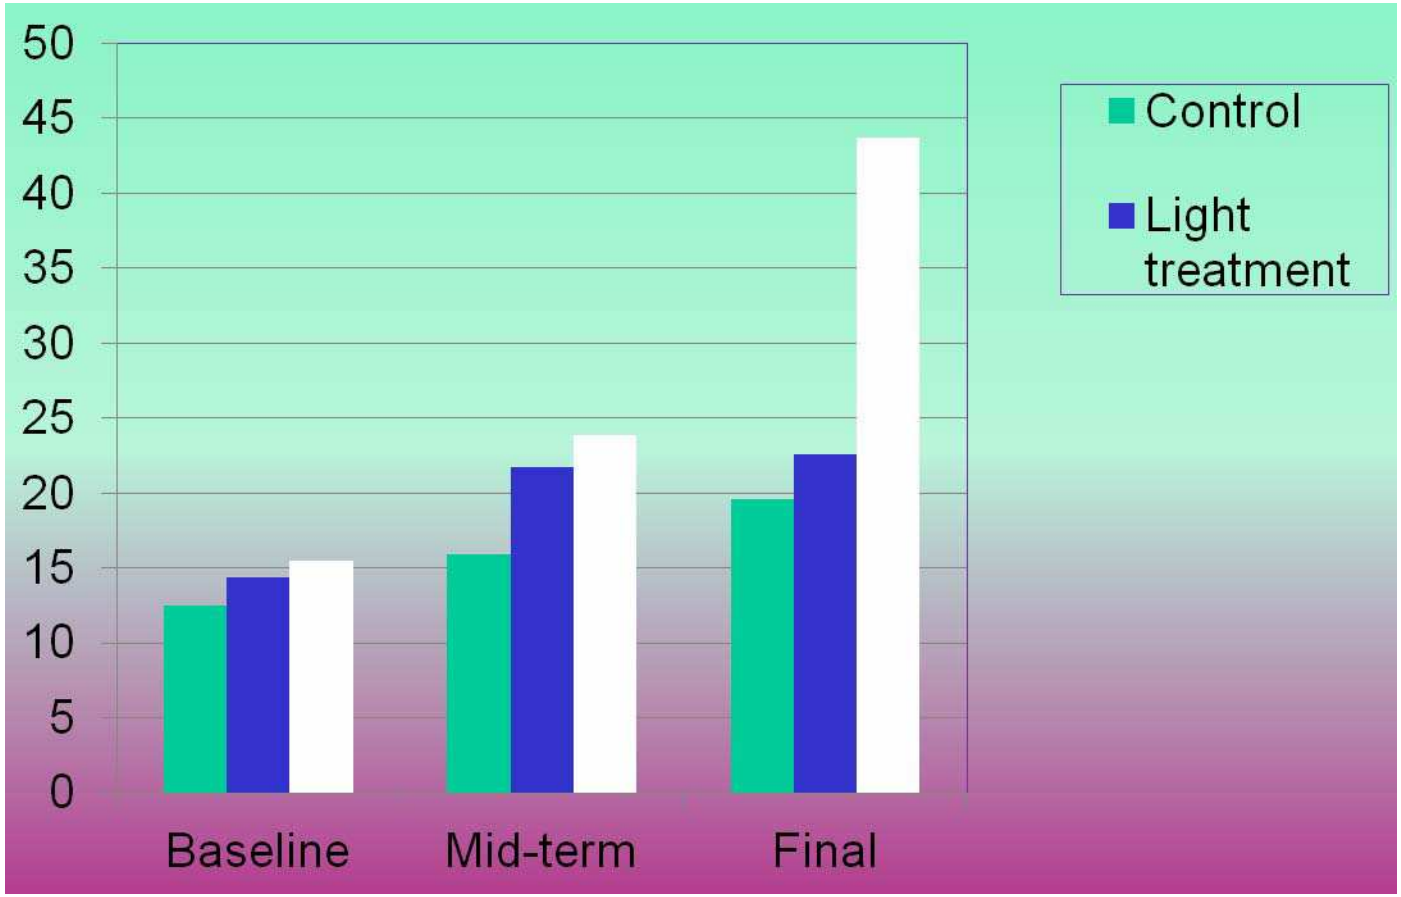

Low income countries: 22 million

Gender Parity over the past 10 years

Primary Completion

Median parity rate for GPE developing country partners went from .85 to .99. The number of countries in which girls are disadvantaged declined from 25 to 14 (of 33).

LIBERIA: READING FLUENCY DOUBLED IN 1.5 YEARS

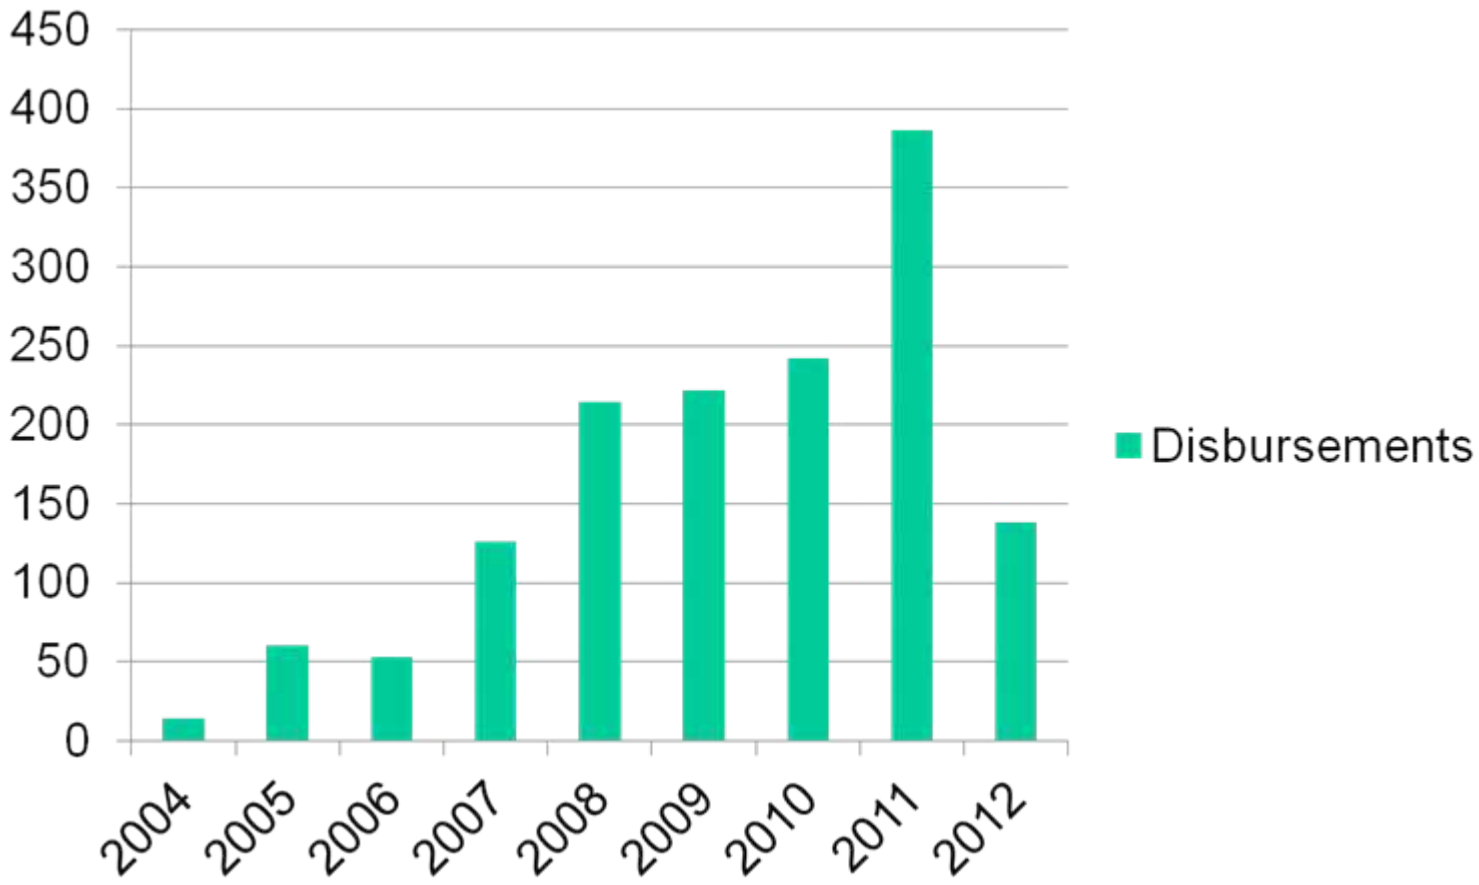

GLOBAL PARTNERSHIP for EDUCATION

CAMBODIA: GAME-CHANGING PROGRESS IN READING ABILITY IN 2 YEARS

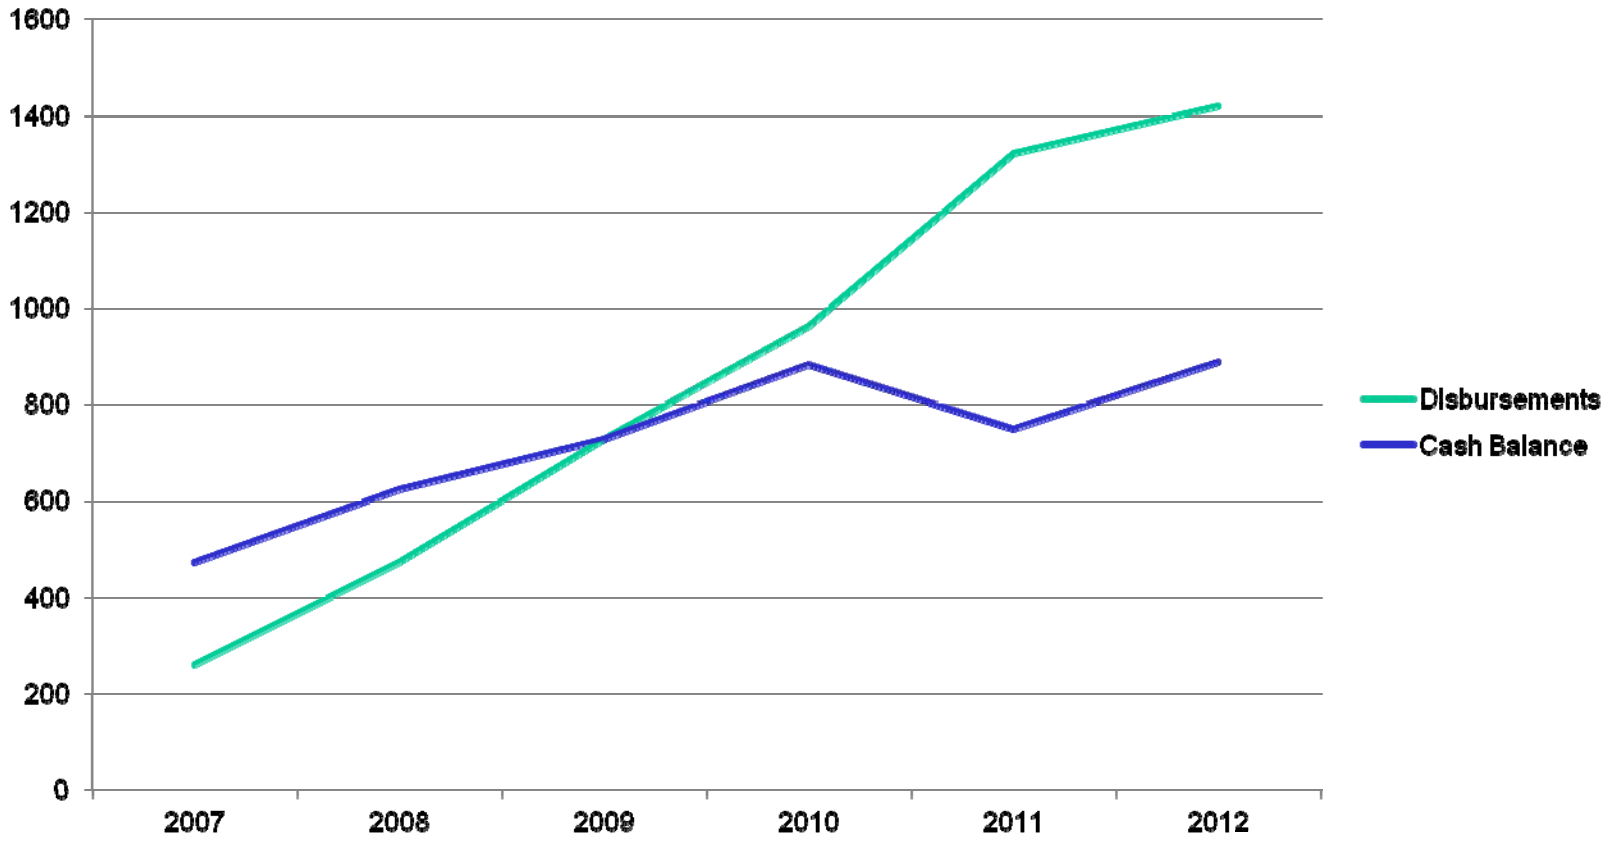

Grade	2010		2012		T-Test	
	N Students	Score	*N* Students	Score	T-value	P-value
1	399	14%	399	30%	-12	< 0.0001
2	401	25%	400	45%	-11	< 0.0001
3	400	37%	400	70%	-18	< 0.0001

Next Steps (1)

Expand support to fragile states

Expand use of out-of-school methodology

Extend reading interventions

Next Steps (2)

-Implement strategic plan

-Coordinate efforts to extend reading interventions to 25+ countries

-Expand support to fragile states by 2013: S. Sudan, DRC, Zimbabwe, Pakistan, Chad, Yemen…

-Secretariat: Focus on fragile states, learning, girls' transition to secondary, monitoring and evaluation

A message from the GPE…

What the critics say…

We do not believe

Education For All will happen

The world will lose interest

We do not think

All children, even in fragile states, can go to school

This is the future we see

Failure

Not

Success

But this is not…what the GPE believes
