Explanatory Notes

1. Program Implementation Grants above are funded from a number of GPE related Trust Funds.

2. Disbursements where the World Bank is the Supervising Entity refer to funds transferred by the World Bank for implementation purposes. Disbursements where other organizations are the Supervising or Managing Entity refer to transfers from the GPE Trust Funds to these entities.

3. Grant Amounts may not match initial allocation amounts approved by the GPE Board as closed grants are reduced to match the value of funds disbursed, while allocations may have been split into individual grant agreements for administrative purposes. In some cases an existing grant agreement was extended to accommodate new allocations.
