[6]There are a number of Catalytic Fund trust funds that have remaining balances from which the Secretariat would like to source some of the allocations in order to close them down as soon as possible. The Board's Decision on Annual Commitments (BOD/2012/11-04) will not apply to allocations from these Trust Funds due to the specific structure of these Funds. However, the Secretariat will compensate for this by delaying the commitment for the portion of the allocation to be funded from the GPE Fund so as cash from the Catalytic Funds are utilized first. It is noted that the Catalytic Fund needs an extension to accommodate these continued allocations.
