---

<sup>2</sup> Zanzibar is semi-autonomous from the United Republic of Tanzania. In accordance with the Board’s decision on federal systems (BOD/2012/06-05), the Governments of Tanzania Mainland and Zanzibar agreed to divide the maximum country allocation of US$82.3 million, granting 10% of the MCA to Zanzibar and the remaining 90% for the Mainland.

<sup>3</sup> Includes US$300,000 for the cost of the grant agent to perform its roles and responsibilities (formerly supervision fees). Per decision BOD/2015/10-02 supervision fees are funded from the maximum country allocation effective from the second funding round of 2016.
a. Include in its notification to Zanzibar, the relevant grant agent and coordinating agency, for distribution to the local education group (LEG) of the approval of the allocation and the expected timeframe for signing of the Grant Agreement and grant effectiveness, as applicable, the conditions, requests for report-back, and observations on the program as recommended by the GPC and set out in Annex 1 to BOD/2017/12 DOC 14.

b. Include an update on the issues listed as “conditions” and “report back” in the annual Portfolio Review in accordance with the specified timelines.

BOD/2017/12-10—Resource Commitments by Developing Country Partners for ESPIGs: The Board of Directors in reference to BOD/2017/037.b.1-Financing and Funding Framework:

1. Notes that the provisions on verification, monitoring and consequences in the Operational Framework for Requirements and Incentives in the Funding Model of the Global Partnership for Education (Funding Model) are no longer fit for purpose, nor helpful to countries in mobilizing and monitoring more and sustainable domestic financing for education, especially those countries in fragile and conflict situations where budget realities are particularly challenging.

2. Agrees that domestic financing commitments are monitored and reported through established mechanisms, specifically the Operational Risk Framework and Portfolio Review.

3. Agrees that the assessment of delivery on domestic financing commitments takes place through the established process for considering the funding model requirements in the upstream grant approval process for the next grant, with the government responsible for providing sufficiently strong justification in cases where commitments linked to the previous grant are not met.

4. Where there is no robust justification, requests the Grants and Performance Committee in its recommendations to the Board on ESPIG applications for the next funding period to consider whether there is a need for the proposed grant budget to specifically address underlying issues that hinder domestic financing allocation and expenditure, or whether, in exceptional cases, to not recommend a new allocation.

5. Requests the Secretariat to revise the provisions on verification, monitoring and consequences for non-delivery in the Funding Model accordingly and further elaborate where needed, including ensuring adaptations around the requirements for countries in fragile context are provided for, for the Grants and Performance Committee’s review and Board decision in June 2018.

6. Noting the GPE principle of mutual accountability, calls on GPE Partners from all constituency categories to prioritize delivering on their commitments.

BOD/2017/12-11—GPE Multiplier Maximum Country Allocations: The Board of Directors:

1. Approves the list of Maximum Country Allocations (MCAs) for the countries outlined in the table below. The MCAs will remain valid through the final funding round of 2018 unless otherwise adjusted by the Board, and will be subject to the requirements of the Operational Framework for Requirements and Incentives in the GPE Funding Model (Funding Model). MCAs are also subject to the relevant requirements of the Multiplier mechanism. For countries with an existing MCA, the amounts below are additional.

2. Further delegates authority to the Finance and Risk Committee to review and approve an increase not to exceed US$1 million to the FY18 budget at its April 2018 meeting should the need arise based on the Secretariat’s projections, noting that this does not materially impact GPE’s financial position.

BOD/2017/12-17—**Institutional Arrangements:** The Board of Directors requests the Secretariat in consultation with the World Bank to prepare a paper for the Board’s consideration by June 2018 presenting an analysis of options for any required changes to GPE’s institutional arrangements deriving from the GPE’s evolving mandate, strategy, and business needs. The paper should consider the implications of the outcome of the GPE financing conference, potential human resource requirements for GPE over the 2018-2020 period, the ongoing World Bank Trust Fund reform process, progress on currency hedging solutions, and the latest information on ECW hosting.

BOD/2017/12-18—**Financing Options:** The Board of Directors:
