#### **Secretariat Short-Term Consultant**

### **Description**

Are you a passionate advocate for education? Do you want to make a difference in the lives of children in the world's poorest countries? The Global Partnership for Education Secretariat (GPE) would like to hear from you.

### **Who we are**

GPE is a shared commitment to end the world's learning crisis. It is the only global partnership and fund dedicated entirely to helping children in lower-income countries get a quality education, so they can unlock their potential and contribute to building a better world.

We bring together governments, teachers, civil society, donors, United Nations agencies, development banks, businesses and private foundations to achieve our shared vision that every child deserves to learn.

### **What we do**

GPE currently supports 76 low- and lower-middle-income countries to transform their education systems so that all children can get the education they need to thrive. We work where the needs are greatest and focus on reaching the children who are the most vulnerable, including girls, children with disabilities and those who live in countries characterized by extreme poverty or conflict.

### **How we work**

Transforming education is about creating lasting changes and achieving impact at scale. GPE's new strategic plan, GPE 2025, sets out to deliver this transformative change by convening partners, mobilizing funds and catalyzing reforms to help partner countries get more girls and boys in school, improve teaching and learning, and build equitable, inclusive and resilient education systems fit for the 21st century. Our unique approach works. Since 2002, 160 million more children in GPE partner countries have set foot in classrooms for the first time, more than half of them girls. In 2020, GPE was also the largest provider of education grants in the global COVID-19 response, rapidly providing partner countries with vital resources to ensure that learning could safely continue.

## **Raise Your Hand**

In July 2021, the Global Education Summit raised a record US\$4 billion from donors for GPE's Raise Your Hand campaign. This put GPE firmly on the path to achieving its fundraising target of at least \$5 billion over the next five years to transform education systems in up to 90 countries and territories. At the Summit, Heads of State and Government from partner countries made historic commitments to domestic education financing and GPE also mobilized an unprecedented number of pledges from businesses, private foundations and development banks.

A fully funded GPE would enable up to 175 million children to learn and help get 88 million more girls and boys in school by 2025. In the longer term, this investment could add \$164 billion to economies in GPE partner countries, lift 18 million people out of poverty, and protect 2 million girls from early marriage.

## **About the role**

We are seeking an experienced **Advisor – Italy** to map key stakeholders, develop and implement a strategy for education financing / financing for GPE.
