³ UNICEF project support costs of US$ 1,994,886 and local overheads of US$ 1,028,822 are included in this request.
⁴ For a number of applications, the amounts listed in the table reflect the FAC recommendation to adjust these amounts downwards to ensure they are within the standard allocation available. The amount requested by the World Bank for Sao Tome & Principe is less than the standard allocation. Amounts recommended for Sierra Leone and Eritrea are within the maximum currently allowed for supervision allocations in fragile and conflict affected states.
⁵ Request for funding under the guidelines for accelerated support in emergency and early recovery situations.

\(^a\) There are a number of Catalytic Fund trust funds that have remaining balances from which the Secretariat would like to source some of the allocations in order to close them down as soon as possible. The Board’s Decision on Annual Commitments (BOD/2012/11-04) will not apply to allocations from these Trust Funds due to the specific structure of these Funds. However, the Secretariat will compensate for this by delaying the commitment for the portion of the allocation to be funded from the GPE Fund so as cash from the Catalytic Funds are utilized first. It is noted that the Catalytic Fund needs an extension to accommodate these continued allocations.
