GPE Secretariat – Country Support Team
Short Term Consultancy to update GPE Grant guidelines

Terms of Reference

Background

Established in 2002, the Global Partnership for Education (“Global Partnership” or GPE), formerly the Education for All Fast Track Initiative, has grown and evolved to become the premier partnership focused on basic education in developing countries. Its members include 61 of the world’s poorest developing countries, over 30 bilateral, regional, and multilateral agencies; development banks; the private sector; civil society groups; and teachers organizations. The Board of Directors is the Global Partnership’s governing body, sets its policies and strategies and approves all funding.

The mission of the Global Partnership is to galvanize and coordinate a global effort to deliver a good quality education to all children, prioritizing the poorest and most vulnerable. To that end, the Global Partnership helps its member countries to develop and implement sound education sector plans and has allocated approximately $4.1 billion in education grants to date.

As a Partnership, the GPE has two mechanisms to achieve impact at the country level. The first is its ability to engage in and positively impact government-owned policy processes and outcomes. The second is the provision of financial support to the development and implementation of education sector plans through grant-making. The Operating Platform needs to ensure these mechanisms work effectively and together.

On October 16, 2015, the GPE Board of Directors approved a Proposal for a More Effective Operating Platform, which brought changes to the GPE operating model in the areas of LEG Effectiveness, Education Sector Plan (ESP) credibility, Grant Management, Grant Application Quality Assurance, as well as Monitoring and Reporting. Based on the Board mandate, these changes need to be incorporated into GPE policies and guidelines, as well as in other resources for country-level partners.

The Country Supported Team has been requested by the CEO to lead on that work. Interface with country level partners is the primary responsibility of the GPE Secretariat Country Support Team (CST). The team is led by a Manager and Deputy Manager and comprises a group of Senior Country Education Specialists who serve as “Country Leads” for a set of countries, Educational Specialists and a monitoring unit.

Purpose of the Consultancy

The consultancy will have the following purpose:

Ensure that GPE Grant guidelines and policies, as well as Terms of Reference for Grant Agent (formerly Supervising Entity/Managing Entity) and Country Level Process Guide, are:
