STRATEGIC PLAN IMPLEMENTATION PLAN (2016 – 2020)

For Decision

Please note: Board papers are deliberative in nature and, in accordance with the GPE Transparency Policy, are not public documents until the Board has considered them at the Board meeting.

1. STRATEGIC PURPOSE

1.1 The purpose of this paper is to provide the Board with a comprehensive multi-year Implementation Plan detailing the work required to fulfill GPE 2020, the partnership’s five-year strategic plan (2016 – 2020).

2. RECOMMENDED DECISION

2.1 The Secretariat requests the Board approve the following decision:

BOD/2017/06-XX—Strategic Plan Implementation Plan: The Board of Directors:

1. Endorses the Implementation Plan detailing work underway or to be completed to deliver on GPE 2020 as set out in Annex 1 to BOD/2017/06 DOC 15.

2. Notes that the Implementation Plan will be updated annually as informed by progress toward the strategic plan objectives and the Results Report.

3. BACKGROUND

3.1 At its meeting in Dakar in December 2015, the Board approved the Strategic Plan 2016-2020 (GPE 2020). At that same meeting, the Board endorsed the Implementation Roadmap set out in Annex 4 to BOD/2015/12 DOC 08. The roadmap lays out actions the Secretariat has taken or will take to deliver the key building blocks needed to support the goals in GPE 2020. The Board also requested the Secretariat to update the Implementation Roadmap for the remaining period of the Strategic Plan and keep the Board informed (BOD/2015/12-13).

3.2 At a special Board meeting in February 2017, the Board endorsed an Implementation Roadmap detailing work undertaken and work to be completed by June 2018 (BOD/2017/03 DOC
This document builds on the Implementation Roadmap, further aligning the Secretariat’s work with the objectives in the strategic plan and the indicators and targets in the results framework, to be completed by 2020.

3.3 The Secretariat’s overarching objective for the planning period from FY2018 to 2020 is to expand the partnership and diversify funding and support to engage effectively with 89 eligible low and lower-middle income countries to fulfill GPE 2020. The Implementation Plan details key strategic initiatives required to deliver fully on GPE’s theory of change including rolling out all components of the Financing and Funding Framework and other key actions to strengthen the partnership.

3.4 The Implementation Plan will be updated annually based on progress toward the strategic plan objectives and as informed by the evidence arising from the results report.

3.5 The Office of the CEO will be responsible for tracking progress and priorities and for making adjustments to the Implementation Plan and ensuring adherence and organization-wide alignment.

4. REASONS FOR RECOMMENDATION

4.1 In addition to ensuring progress on an ambitious strategy and results framework, the Implementation Plan will form an integral part of Secretariat-wide planning and coordination and help to realize greater efficiencies across the organization. The Implementation Plan, among other purposes, will guide and inform the development of the Secretariat annual work plan and budget and help to ensure coherence and alignment with the Board and Committees forward work plans.

4.2 The Secretariat anticipates making further improvements to existing planning tools and processes to help maintain effective organization-wide planning following the development of the comprehensive human resources plan.

6. ANNEXES

6.1 This paper includes the following annex:

Annex 1 – Implementation Plan
ANNEX 1: IMPLEMENTATION PLAN

*All targets are estimates/approximations and dependent on the outcome of the next replenishment.

The Secretariat’s overarching objective for the planning period FY2018–2020 is to expand the partnership and diversify funding and support to engage effectively with 89 eligible low and lower–middle income countries to fulfil the GPE Strategic Plan 2016–2020 (GPE 2020).

### Strategic Objective 1: Strengthen education sector planning and policy implementation

#### Sub–objectives*/Indicators

- *Improved education sector plans (ESPs) meeting quality standards, including in countries affected by fragility and conflict
- ESPs contain strategies on teaching and learning, marginalized groups and efficiency
- National data collection strategies meet quality standards

\(^1\) Higher range depends on expansion of the Partnership through endorsement of sector plans in new member countries; if high range is achieved in earlier years, the figure will be lower in later years. These figures also take into account that not all GPE partner countries will be developing new ESPs during the next three year period, as they will be implementing existing plans.
### Strategic Objective 2: Support mutual accountability through effective and inclusive sector policy dialogue and monitoring
