This document provides data on public expenditure in Somalia (Puntland) for the years 2017 to 2020. The data is categorized under various headings such as Total Public Expenditure, Total Public Recurrent Expenditure, Total Public Capital Expenditure, and Public Expenditure on Education (Recurrent and Capital). The figures are presented in both local currency and USD, with targets for replenishment periods also indicated.

Key points include:

- The Ministry of Finance (MoF) is responsible for the annual budget, which is mainly planned and implemented as a recurrent cost. In the case of public property investments, the recurrent cost is diverted and used for certain development purposes.
- There is no interest and debt service data provided for the years listed.
- Public Expenditure on Education as a percentage of Total Public Expenditure is provided for each year.
- The Ministry of Education (MoE) is responsible for public recurrent and capital education expenditures.

The table below shows the detailed budget and actual values for each year, along with target values for replenishment periods.
